

Graffiti Removers: FOR RELIQUEFYING AND DISSOLVING PAINT AND MARKER TRACKS

LANDA®

REMOVE GRAFFITI FROM:

- Brick, masonry, concrete, stone surfaces, painted masonry, mild or stainless steel and some wood surfaces
- Pre-finished metal, traffic signal boxes, overhead doors, mail boxes, painted & powder coated metal surfaces and more
- Traffic, rail and highway signs, other metal signs (with or without reflective coating) and some plastic signs

FEATURES/USER BENEFITS

- **Highly Effective** Removes graffiti from most surfaces
- **Fast Acting** No extended soak time—Requires only 30 to 90 seconds for activation (depending on product version)
- **Easy to Use** Rinses easily from surfaces and cleaning equipment
- **Water Compatible** Can be applied or reapplied to wet surfaces
- **Cost-Efficient** Covers 50-400 square feet per gallon (depending on product version, graffiti area, surface porosity and texture, and method of application)

Landa Graffiti Remover – Brick, Masonry & Concrete Cleaner

An easy-to-use liquid graffiti remover, with deep penetrating action designed for use on brick, masonry, concrete, stone and painted masonry and stone surfaces. This unique product formulation relieves and dissolves spray paint and marker tracks within seconds. No extended soak time is needed and Landa Graffiti Remover – Brick, Masonry & Concrete Cleaner can be reapplied to wet surfaces as needed, without waiting for drying first. **Mix Ratio:** Apply undiluted directly to surface.

Landa Graffiti Remover – Metal Saver

A strong and fast-acting, biodegradable, liquid graffiti remover designed for use on pre-finished metal and powder coated surfaces such as overhead doors, color bonded fencing, mail boxes, traffic signal boxes, painted metal and other metal surfaces. This strong and fast-acting product formulation safely penetrates and loosens the graffiti on metal surfaces and makes it easy to remove. No extended soak time is needed and Landa Graffiti Remover – Metal Saver can be reapplied to wet surfaces as needed, without waiting for drying first. **Mix Ratio:** Apply undiluted directly to surface.

Landa Graffiti Remover – Sign Saver

A fast-acting biodegradable, liquid graffiti remover designed for use on interior and exterior signs such as traffic signs, interstate highway signs, rail signs, metal signs, some plastic signs and any metal sign with a reflective coating. This strong and fast-acting product formulation safely penetrates and loosens the graffiti on sign surfaces and makes it easy to remove. No extended soak time is needed and Landa Graffiti Remover – Sign Saver can be reapplied to wet surfaces as needed, without waiting for drying first. **Mix Ratio:** Apply undiluted directly to surface.

LANDA Detergents

why detergents are paramount for power washing

LANDA detergents contain the most advanced formulas engineered to be used with high-pressure cleaning equipment.

Most of the 34 blends contain an exclusive multi-metal corrosion inhibitor package designed to protect your equipment as well as prevent flash rusting while cleaning.

Furthermore, the LANDA detergents are biodegradable and most include a special additive to prevent scale build up.

The detergents come in 5-gallon and 55-gallon containers with blends engineered to meet the needs of the majority of pressure washer and parts washer applications.

The highly concentrated detergents are to be diluted at ratios of up to 150:1 making the cost-in-use very economical. Mix kits are also available.

All packaging complies with U.S. and Canadian regulations.

Cleaners & Degreasers: STRONG ENOUGH TO POWER AWAY GREASE

LANDA®

L-219

L-219 Extra Powerful Degreaser — When the toughest of cleaning jobs requires a highly caustic detergent, L-219 gets the call. This non-toxic cleaner cuts grime, grease and carbon extremely fast and is effective in cleaning everything from vent hoods and concrete to engines and parts in a soak tank. **Dilution:** 30:1; 4:1 for vent hoods

New Part No.	Part No.	Description	Lbs
8.914-094.0	9-68005	L-219, Super-Duty Degreaser, 5 gal*	58

*Cannot ship via UPS

**Highway**

Highway Butyl-Based Vehicle Cleaner — Extra strong, butyl-based, low-foaming, biodegradable detergent engineered to clean and degrease simultaneously. Works with hot or cold water and has quick-release properties. Ideal for use on hard surfaces, such as cars, trucks, engines and RVs. **Dilution:** 130:1

New Part No.	Part No.	Description	Lbs
8.719-156.0	9-37005	Highway, Vehicle Cleaner, 5 gal	47
8.719-157.0	9-37055	Highway, Vehicle Cleaner, 55 gal	495

Rinsing Agents & Wax: SPECIALTY PRODUCTS FOR VEHICLE CLEANING

LANDA®

Prism

Prism Rinsing Agent — A blend of biodegradable wetting agents formulated to break up surface tension of water, reducing water spotting. Excellent for car washes or rinsing after pressure washing with Landa detergents. Made for rinsing in hard or soft water. Extremely dilutable. **Dilution:** 5000:1

New Part No.	Part No.	Description	Lbs
8.907-388.0	9-38005	Prism, Rinsing Agent, 5 gal	46

TechnoWax

TechnoWax Vehicle Wax — Highly concentrated, biodegradable, long-lasting wax designed specifically to enhance and protect the appearance of any painted surface. Readily biodegradable and user friendly. Works well in hard or soft water. Dilution rate is only .6 ounces per automobile. **Dilution:** 2000:1

New Part No.	Part No.	Description	Lbs
8.907-394.0	9-39005	TechnoWax, Vehicle Wax, 5 gal	43
8.907-395.0	9-39055	TechnoWax, Vehicle Wax, 55 gal	462

Aluminum Brighteners: IDEAL FOR CLEANING ROAD FILM & SMOKE

LANDA®

L-209

L-209 One-Step Acid Cleaner Concentrate — An aluminum brightener concentrate with a blend of ammonium bifluoride and sulfuric acid to chemically clean and brighten in one step. Removes road film, oxide film and diesel smoke from aluminum trailers. **Dilution:** 120:1 or 350:1, depending on soil concentration

New Part No.	Part No.	Description	Lbs
8.907-709.0	9-43005	L-209, Aluminum Brightener, 5 gal*	56
8.907-710.0	9-43055	L-209, Aluminum Brightener, 55 gal*	600
